

ENGINEERED TO INSPIRE

Explore Our Phenomenal World With 6–12 *Inspire Science*®

Built for three-dimensional learning, the new ©2020 *Inspire Science*® for grades 6–12 helps students dive deep into the natural phenomena around us, sparking students' imaginations and inspiring their success. With a wealth of hands-on labs and inquiry-driven activities, students are empowered to question, investigate, and support their answers like real scientists.
